Over 90% of Australian's don't click past the 1st page !
What's the point of having a website if it cant be found ?

Traffic, Traffic & More Traffic

Why get SEO?

AdWords to SEO Traffic Increase

Our clients on average receive 3-4 times more traffic and save up to a 90% on client acquisition cost when they combine SEO with SEM.

More Clicks on your AdWords

If you are doing AdWords, your going to increase your click through rates on both your adwords and natural listing by up to 60% due to having both angles covered.

First Page Guarantee

Our company policy is we can guarantee you a 1st page position within the timeframe we specify or we will work with you for free until you do.

Ever Increasing Competition

SEO is going to get continually harder, and plan prices will increase in 12 months time as competition becomes more fierce... get in now and have a jump start on your competitors.

Keyword Sets

GMT's unique keyword sets ensure you also rank for sub sets of those keywords, because we understand the nature of Google and how the filtration effect works.

SEO Experts

GMT's experience in SEO is unrivalled. Over the years our team have optimised 100's of websites with a 99% success rate. This is something we are very proud of.

Our Clients on average will return \$6-10 for every \$1 they spend on SEO.

Paid Ads

What is SEO?

SEO (Search Engine Optimisation) is a search engine marketing strategy for increasing a site's relevance in Google.

SEO typically includes keyword research and development, meta tags optimisation, linking strategy and website submission.

Traffic, Traffic & More Traffic

Why Add SEO Into Your Marketing Mix?

- ⚙ Search engines work for you 24 hours a day 7 days a week
- ⚙ SEO has been proven to deliver a higher return on investment than other forms of marketing
- ⚙ Search Engines out perform all other forms of media in driving traffic to a website by as much as 90%
- ⚙ Search engine usage grows each year. Optimising your site now ensures customers will be able to find your site in the future.

Get Your slice of the pie !

Recent Search Engine Stats

- ⚙ In February 2009 87% of people have used search engines to find local businesses
- ⚙ 78% of consumers use the Internet more than they did two years ago
- ⚙ 52% of consumers use telephone directories less than they did two years ago
- ⚙ 78% of consumers research a product online before, making a purchase (using a search engine)
